Screw-top and prong-back and custom bezel designs. See how well and cost effective we can design for you. Here are some bezel designs created to showcase an assortment of Ancient world coins, from pirces of eight to Roman, Greek, and Egyptian coins.

We are manufacturers of top quality screw-top bezels. We also make custom bezels at very affordable prices for virtually any domestic or foreign coin or medal that your customers may require.

If you are buying your bezels from any other manufacturer -- or if you're buying from a wholesaler -- you will know that most companies only want to supply stock items. Coin Creations offers you full service and will custom make one or more pieces in our screw-top line. We also make custom pendant earrings, money clips, and key chains.

We can create custom bezels in 9k, 10k, 14k, 18k and 22k -- yellow, white or gold-filled or even sterling silver. Please call for pricing and information. Custom bezels starting from only \$10 per set up.

Please call our Toll-Free Number at 1-800-634-2262 for a FREE estimate!

Prong-back bezels are elegant coin frames available in a range of designs and styles and can be made in 14kt gold, gold filled, or sterling silver. The coins are inserted in the frame and then prongs are folded behind the back of the coin to hold the coins securely in place. A bail (included with each bezel) then allows the bezel to be suspended on your favorite chain. Bezels may be ordered with bails.
